Mark Group

- Mark Group is an international company with over 1,400 employees, dedicated to providing a 'whole house' solution to energy-efficiency. Founded in 1974, Mark Group has already helped to make more than two million homes more energy-efficient, currently installing around 6,000 insulation measures every week.

SIG Energy Management

SIG Energy Management

SIG Energy Management provides a whole-home energy management solution. They install a whole range of products from insulation to renewable technologies; all designed to improve the energy efficiency of your home.

SIG Energy Management is part of leading European distributor [SIG Plc](#). SIG distributes specialist construction materials to 11 countries across Europe, employs over 10,000 people and has a turnover of £2.7bn.

Quality

Our focus is on providing quality surveys and new customers for these clients.

If our quality is high, the insulation companies will want to continue working with us.

If we fail on quality, we may lose our Age Agreements!
